

OPEN CALL FOR AN EVS EXPERIENCE OF 4 MONTH IN MACERATA (ITALY)

YOUTHQUAKE PROJECT

LOCATIONS: Anffas association and Family Centre of the Municipality of Macerata

Starting in January 2019

Project context:

The strategic EVS “Youthquake” project was born in the 2016 when a large area of central Italy was hit by a series of earthquakes. This led to a loss of lives, homes, economic resources, social infrastructure and damaged the rich historical and artistic heritage of the region.

The name of the project, Youthquake, puts together Youth and earthquake, the two main elements involved: through the energies and competencies of young European volunteers it aims at contributing to the social, economic, physical reconstruction of the areas of central Italy affected by the earthquake.

Description:

The city of Macerata is located in the Marche Region, in Central Italy, and has just over 40.000 inhabitants, 7.329 of which (17.3% of the population) are young people aged from 15 to 30 years old. The Municipality is responsible for the management of its population and territory, including cultural heritage, social services and economic growth. Macerata can boast a rich and active social life thanks to the presence of a University of ancient traditions, an Academy of Arts and more than 150 associations, which enrich the offer of events, from the environment to culture, from

entrepreneurship to volunteering. The 2016 earthquake has affected also our Municipality and it is still possible to perceive its effects in terms of housing problem, as well as economic and social ones, which have affected in particular the most vulnerable groups (children, elderly people and people with disabilities).

For this project, the Municipality of Macerata will collaborate with ASP IRCR, a public body active in the field of elderly care, and ANFASS, an organization dealing with services for people with Down Syndrome. Collaborations will also be established with the local schools, so that the volunteers, with their presence, can talk to the pupils and students about the beauty of being part of a United Europe and bring to them their own experience. Another actor of the project will be the Association "Strade d'Europa", which manages an Eurodesk local information provider.

Among the many associations in Macerata, there is also the ESN Macerata, which offers a wide range of activities for Erasmus students and has declared its willingness to include our EVS volunteers in their activities. The volunteers will then have the opportunity to live in a lively and multicultural context.

Locations of this specific position will be the Anffas association and a Family Centre of the Municipality of Macerata, where institutions, associations and families work together on projects aimed at improving children's everyday life and at promoting positive parenting, as well as the social inclusion of people with disability.

Volunteers' Tasks:

The volunteers will be included in the activities of the locations in the following tasks:

Activity 1: supporting the educators and operators of Family Center in the different services offered:

- the "Giocare Insieme" (Let's play together), a space devoted to families, especially those with pre-school age children (0-3 years old), where they are engaged in recreational activities which are beneficial for individual development and familiar relations.
- "Centro Educativo" (Educational Centre), an educational service where volunteers will support primary and secondary school children with their homework (especially English homework) and organize afterschool activities depending on their interests and in agreement with educators.
- "Centro di aggregazione per disabili" (Centre for disabled people), a space devoted to families with disabled teenagers which aims at improving their relational and communicative skills as well as and their autonomy.

Activity 2: supporting the educators, social workers and the other figures during the educational and entertainment activities for disabled people residing in the Anffas facilities

Activity 3: Italian language classes

Activity 4: Social inclusion: Intercultural activities in partnership with ESN Macerata

The volunteers will work max 35/38 hours per week with the availability to work sometimes with turnation in the weekend or in the evening; the volunteers will have 2 free days per week.

Volunteers requisites:

No specific requisite is needed. However, a degree in Social Sciences will be valued positively as well as a good knowledge of English and a basic knowledge of Italian. Volunteers should be interested in working with children and disabled people and ideally have some experiences in this field. They should have strong interpersonal skills, be proactive and adaptable, as well as able to work in an intercultural group.

Food and Accommodation:

The volunteers will be accommodated in a shared apartment (shared double bedroom) near the city centre and the hosting organization will give to them the food allowance monthly.

The EVS includes:

Flights (roundtrip) up to 290 Euro/ 275 (roundtrip) for French Participants

Food and accommodation

Private insurance

Pocket money: 4 euro for day

Italian language course

Support of a tutor/mentor for all the duration of the project

Training course organized by the Italian National Agency of Youth

Youthpass

How to join the project:

Interested candidates need to send an updated CV and a cover letter related to the project (both in English) to arcs.youthquake@gmail.com
