was born in 1969 as a voluntary association. It works in the social health care.

Since 1994 it runs the "Giulio Locatelli" centre, a residential and daily care service for people with different levels of disabilities. The guests are from 5 years old up. The principal aims are to give a non independent person physical, emotional and relational support based on his real needs, to improve his quality life also in terms of inclusion and integration. It also organizes daily socio-occupational crafts rooms, recreational and sportive activities supported by the local volunteers. All our activities vary and alternate in time and respond to the occupational and enabling needs of the guests.

Presently we propose crafts of painting and drawing, music therapy, beauty farm, reading, sport activities gymnastics, bowls and dance ability. In the local community we work to create a network of good practices with public administrations, private bodies, other associations. Anffas creates awareness events, free information seminars and training projects for teachers, students and professionals.

## Proposed activities for volunteers

As a volunteer, you will have the chance to support the caregivers enriching all the daily activities of the guests.

You can:

- support in the preparation of weekly activities, (collect some materials, take care that everything is ready...)
- Supporting and assisting the caregivers in the recreational and workshop activities such as cooking activity, digital storytelling, board games, going to the library, music animation, technology, easy to read
- Support the disables in sport activities
- Create posts and stories for social networks
- Participate in the training session for expert and professionals
- Participate and organize complementary activities with other volunteers, such as international evening, language workshops and local events
- Help in practical and creative work
- Present your own culture and country
- Promote the ESC programme in the schools and associations of the region
- Help in supporting the preparation of Italian volunteers willing to leave with ESC

## What volunteer we expect?

You should be responsible, motivated, patient, tolerant and flexible to adapt to changes. Willing to work in an international social environment: interested firstly in the relationship with the people with disability, secondly in the workshop activities and thirdly in living in Italy. Motivated to learn the Italian language. Motivated to learn, dynamic, versatile, positive, curious, respectful, sensitive. Motivated for team work and educational paths. Able to share a flat with other young Europeans, or live with a host family and respect the rules. Passionate for the activities we offer. You have to be aware that ESC is not a vacation, is not just travelling to another country but it is a full time learning experience in a safe environment.

## Accommodation and meals

As a volunteer, you will live in a flat (deposit of 100€) together with 4 other volunteers from different countries, in the city of Pordenone just a walk away from the hosting organization. The accommodation will be provided in a single or double room with a shared bathroom and kitchen. You will receive 150 euros pocket money and an extra 200 euros as food money if you prepare all your meals. In this way you are free to cook in your fully equipped flat. You can get a bike under the deposit of 40,00 euros.
