More info - Schedules

All the metro lines are available with variatin frequencies from 6:05am to 2am. This schedule does not change on weekdays or weekends.

But **watch out!** The last service starts at 1:30am from the end of the line, so you should check the time at which it will go through your desired station!

Useful apps for moving around in Madrid are Google Maps, Moovit and Metro de Madrid, which you can find in Google Play and in the App Store.

*Please take care of your personal belongings in the Metro. It is not frequently that things get stolen, but let's not take chances!
